

The Smith Home 8 Evergreen Drive

This custom mad, classic ranch, built in the late 1950's by the Lassiter family, has been in the Smith family for over 40 years. The main floor has a large kitchen, dining room, den, three bedrooms, sunroom, mudroom and laundry room. Tow custom made swings anchor the sunroom. The lower level has a great room, small kitchen, bedroom, bath, storage closet, and utility room.

The remodeling of the main level, done in 2005, updated the kitchen, the master bath, enclosed the porch, and absorbed the living room into the bedroom, creating a master suite with a walk-in closet and a gentleman's closet. Lynn was careful to honor the period of the home as she reworked parts of the home to reflect a more modern lifestyle.

Her daughters proclaim often that the house has no visible wall space because they are covered with paintings reflecting Lynn's appreciation of creative talent from all over.

The home is framed by a master gardener's lovingly care for yard, anchored by a pool and a goldfish pond in the back.

Welcome to a well-lived, well-loved home.
